

What information do I need so I can get a quote for an ER & LPR probe?

Probe Type: **ER or LPR**

Is the probe, Adjustable, Fixed or Retractable?

Is the probe, Flush mounted?

If not insertion Length:

Electrode Area: Standard or Reduced

Electrode Number:

Pressure:

Temperature:

Pipe size:

Pipe thickness:

Pipe Material:

Type of process:

Amount of H₂S:

Amount of CO₂:

Access fitting - Size:

Access fitting - total length:

Is there any other fittings (if so what i.e.: ball valve, bleed valve):

Other information:
