

Boom Raised Flag

Abrasion Resistant • High Visibility • Waterproof • Reflective

Technical Data Sheet

Part: #WFS- ES-0039

General Description

Boom Raised Flags

See also [Grounds and Safety Flags](#)

These high- visibility orange flags increase worker awareness of hazardous conditions. William Frick's high- visibility crane flags or "boom raised flags" are thoroughly tested in the field to ensure safety and awareness. They can be quickly attached to a steering wheel, crane control panel or door handle to actively remind operators of current conditions.

High Visibility

Frick boom- raised flags are uniquely designed for maximum visibility. The message is written in reflective material, and the yellow reflective stripes ensure these flags are seen. The custom orange color is exactly matched to OSHA requirements.

Custom colors and printing are available. We also have a large selection of industry standard messages. William Frick safety flags are built for durability. The materials and inks are UV- stable and will not fade. The heavy duty vinyl material is resistant to abrasions and weather.

- Abrasion and weather resistant
- Also available in white, safety orange, red and yellow
- Reflective
- Durable product ID
- Outdoor durable

Applications

Critical Warning and Safety, Heavy Machinery, Construction, Safety & Compliance

Material Description

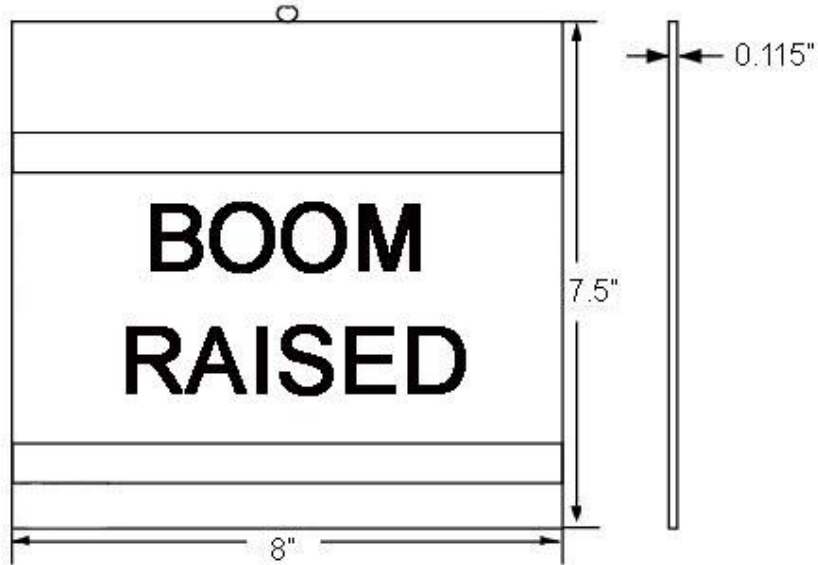

Custom colors and printing available

Boom Raised Flag (Vinyl)

Size:	7.5 x 8 inch rectangle; 16 inch square; or custom
Expected Outdoor Durability:	3 - 5 years
Service Temperature range:	-40° F to 185° F
Available Colors:	White, Safety Orange, Red, Yellow
Ink Colors:	UV- Stable White and Black
Water Resistance:	Excellent
Solvents Resistance:	Very Good
UV Resistance:	Very Good
Abrasion Resistance:	Very Good

Shelf life

Completely stable

ALL DIMENSIONS ARE IN INCHES
UNLESS OTHERWISE SPECIFIED

TOLERANCES
3 PLACE DECIMAL + OR-.005"
2 PLACE DECIMAL + OR-.02"
1 PLACE DECIMAL + OR-.1"

MAX SURFACE ROUGHNESS
ALL MACHINED SURFACES
EXCEPT AS NOTIFIED

BREAK SHARP EDGES AND CORNERS
.010" MAX
