

# Vehicle Safety Cap

Waterproof • High Visibility

## Technical Data Sheet

Part: #WFS- ES-0048

### General Description

#### Vehicle Safety Cap

Remind your workers to complete their safety circle walk around and pick up remaining tools and equipment by having them place a bright yellow plastic cap on the roof or hood of their utility vehicle. The highly visible cap reminds even the most conscientious worker to take one last look around before removing the cap and driving off.

The durable plastic cap comes with three embedded magnets that make the cap cling to the roof or hood of a vehicle. There is a 2.25 inch hole in the top of the cap to make it easy to reach in and pull the cap away from the vehicle when it's time to go.

Print with your company name and logo and a brief safety message.

- Bright yellow reminder cap
- Magnetic attachment
- Weatherproof

### Applications

Safety & Compliance

### Material Description

#### Durable and Weatherproof Polycarbonate

*High-visibility yellow with sharp black printing will remind workers of your safety instructions*

Size:	10 inch diameter
Weight:	0.85 pounds
